Lounge Polished Ivory Tiles:

PRODUCT DESCRIPTION

Create a stunning natural look in your home with the introduction of these Polished Ivory Floor Tiles. They belong to our selection of Lounge Tiles and have a durable porcelain body - ideal for use throughout the home, and even in areas with high footfall, such as the hallway. Their polished finish shimmers under the light - giving your floor areas an eye-catching appeal. Their ivory stone effect design is ideal for welcoming the sought after natural look into an interior setting. Why is the natural look such a popular interior design trend? Because it enables us to feel closer to nature in our homes - and therefore more at ease.

Due to the natural properties of polished porcelain tiles, we recommend using [LTP MPG](#) colourless impregnating sealer, which is specially formulated to protect and seal polished porcelain tiles.

To prevent staining, we highly recommend sealing these tiles with an [LTP MPG Sealer](#), both before and after grouting. This can be applied as per the manufacturer's instructions using an [LTP Buffing Cloth](#). For everyday cleaning, we only recommend [LTP Waxwash](#). Please refer to this [downloadable maintenance PDF](#).
