Aragon Flat Red Quarry Tiles:

PRODUCT DESCRIPTION

Create a rich, natural look in your home with these fantastic Aragon Flat Red Quarry Tiles. Their burnt, red colour will add depth and character to any kitchen, bathroom, hallway or lounge.

Due to the natural nature of these quarry tiles, tile thickness can vary 1-2mm.

What's special about these tiles?

> Natural clay

> Subtle matt finish

> Suitable for internal and external use

> Rustic, square shape

Sealing, cleaning and maintenance

For a matt finish:

Sealer: We recommend sealing these tiles with LTP Mattstone Tile Sealer or LTP Mattstone H20 Tile Sealer. Both sealers fill the open pores on the surface, leaving the tile in its natural appearance.

Cleaning and aftercare: To keep these tiles clean, we recommend LTP Waxwash. It contains a trace of linseed oil which will help to repair and maintain the sealer without altering the finish.

For a satin to gloss finish:

Sealer: We recommend sealing these tiles with LTP Glaze Protector. The glossiness slightly increases with every application, depending on the desired appearance and can be applied up to a maximum of 6 coats. It's for dry areas and internal use only.

Cleaning and aftercare: Regularly use LTP Floorshine to increase the sheen and repair old worn sealer.

Vintage Wood Rovere Floor Tiles:

PRODUCT DESCRIPTION

This stunning, dark Rovere Floor Tile will add a luxury feel to your home. They're made from glazed porcelain, but the wood effect is incredibly realistic; with variating grains and knots. The parquet-effect joints look fantastic. You have to look very closely before you realise it isn't real varnished wood.

What's special about these tiles?

> Realistic wood effect design

> Luxurious parquet style

> Made from durable long-lasting porcelain
